

Year 9

### KEY SKILLS:

Review theories

Analyse patterns

Balancing equations

## Genes

Evolution

Natural selection

Darwin

## Electromagnets

Constructing electromagnets

Using Electromagnets

## Genes

Inheritance

DNA

Genetics

## Waves

Wave effects

Radiation and Energy

Modelling Energy

## Earth

Climate Change

Carbon Cycle

## Ecosystems

Respiration

Aerobic / Anaerobic

Photosynthesis

## Earth Resources

Recycling

Extracting materials

## Energy

Work

Heating and cooling

Energy transfer

## Options Choice

AQA GCSE Course begins
