

## Parents Comments Year 7 Parents evening

### You said..

My Daughter has settled in well and loves school. It would be good to know more about progress etc as the year progresses, e.g. emails, texts, postcards. However we are delighted so far. Thanks

We do try to send postcards home and texts to let parents know when their daughters are doing particularly well. We are currently looking into a new application which will make communication with parents much easier.

Every teacher is so supportive and enthusiastic including lunch staff, which inspires Isabel. Staff are all very caring and supportive to my daughter also George who runs the running club. The reason we chose this school was because of this and she has certainly lived up to our expectations. Isabel has really settled in well particularly since joining the Aladdin cast. I can see the confidence blossoming. Thank you all for your support.

Thank you, we are pleased that your daughter has taken advantage of the opportunities available to her. Joining in new activities encourages pupils to make new friends and makes the transition process easier.

Loved Miss Kivi's iPad video clip of English lesson.

We are pleased that you enjoyed this – new technologies allow teaching to be more creative.

Would welcome more feedback in English and Maths.

We will look into the possibilities of reporting progress to parents more frequently.

More homework in English and maths. English and Maths are the most important lessons and my daughters lesson is disrupted by 7 pupils. The class teacher needs to address this.

There is a homework timetable which should be followed, if you have specific concerns if this is not happening please contact us.

It is important that behaviour is good so that no pupil's learning is disrupted. We have a robust behaviour policy and all pupils must adhere to this, we will look more closely into your concern.

All staff were very honest with assessments and we are delighted with the progress our daughter is making.

Thank you, your daughter is no doubt working well and making the most of her lessons and learning well.

My daughter loves art, but she does not seem to practice it in school much. I think art should be an important part of the timetable. Just my opinion.

The curriculum in Year 7 is broad and balanced in order to allow pupils to experience all subjects.

Really pleased the way our daughter has settled.

Thank you. The transition can be quite daunting for some students and as a school we work hard to help all our students settle in their first year.

Felt the teachers know Amy and her capability her strengths and weaknesses.

It is important that staff get to know your daughter well to enable them to personalise teaching and learning.

A fantastic report for Caitlyn we are very proud of all her efforts. Thank You for all the lovely comments about our daughter and we appreciate all the hard work that the teachers are putting into our daughters education.

You are welcome. It is a pleasure to teach pupils who are keen and eager to learn.

Was a lot more organised than my sons parents evening.

Thank you. Parents evenings are always a busy event. We try hard to make it as easy as possible to help the evening run smoothly

Very happy that my daughter has settled in so well and enjoying her first year at Broughton Hall.

We are pleased as Year 7 is such an important year for our pupils.

If teachers could have their subject by their name you could move quickly around the room.

We will take this on board for next year's parents meetings.
