Parental Comments from the evening (Areas for Improvement)

`Teaching standards are very high, we are concerned regarding the proposed changes to science GCSE dual award and not 3x science`

(This issue was referred to the Deputy Headteacher. Parents informed that 3 x SS will not be offered within the options rather it will be delivered via the core curriculum to the most able. This will enable these girls to choose another subject in the electives and so increase pupil choice for the most able, parents happy with this)

`I think greater confidentiality is needed rather than all the girls results visible`

(Attendance information is visible on parents evening this is to re-iterate the impact attendance can have on progress. Girls are aware of individual, form and year data and we seek to sensitively manage data and its sharing if particular circumstances apply)
